PITTSBURG 7; NEW YORK 4. PITTSBURG 7; NEW YORK 4.

New York, June 8.—There was war at the polo grounds today and Manager Doyle was ordered out of the game for protesting. Wilson spiked Killen and knocked the ball out of his hands. Killen retailated and swung his right at Wilson without ianding and Wilson came back in the same way, also missing. The police captain finally decided to call a halt. He walked to the plate and ordered the New York players to the bench. Killen was forced to retire, Hawley taking his place. Killen will be laid up several days. The story of the game can be told in a few words—the Pirates played fast hall and the home team was unable to stand the pace. Score:

TALE OF THE SOLIDITOR OF AID WERE INDEED PITIFUL

lahoma, which, by the Way, is a Prette Kansas City on Behalf of "Oklahomi Sufferers"--Geographical Metes and Sounds of the Stricken Area not well Defined-One Township Wouldn't Make a Territory, Anyhow.

Kansas City. Mo., June 8-For some time reports of destitution and suffering among the settlers in parts of Oklahoma have reached the public but for the most part they are not beleived. It was thought that the newspaper correspondents of the territory were using subject as a means of tiding over a dull season, and official denials of re-ported instances lent color to this the-

ry. The Rev. P .Shane and Judge T. B. Nash of Grant county, Oklahoma, reached the city today with a story of the actual condition of affairs mong the settlers there that is graphic in its picture of desolution and want. They come as a committee sent out by the people of Grant county to solicit aid for the destitute and hungry.

They have letters from Thomas J. Lowe, territorial secretary; Governor E. N. Merrill of Kansas and others equally well known, vouching for them. They declare that the condition of affairs among the settlers of Grant county is one of desperate want. Gaunt hunger is their constant companion and the situation is such that only instant aid will prevent actual starvation. aid will prevent actual starvation among those who are trying to hold their claims which they secured in the Cherokee strip opening September 1,

CAN NEITHER GO NOR STAY. Owing to the drouths which have prevailed since the opening no crops have been raised. As a result the settlers are in actual want. They have no resources to exist on there and to make the situation more deplorable and hopeless they cannot get away. The destitution is a great and widespread destitution is so great and widespread that the county government can fur-nish no assistance, and the territorial government has no money for such

purposes.
Slowly, but surely, the settlers exhausted their resources. With actual starvation in sight the people of Prairie township held a meeting and started the movement which resulted in the county sending out the Rev. Mr. Shane and Judge Nash to tell the story of their extreme want to the charitabe people of Kansas and Missouri, and to beseech aid. They want provisions, flour, seeds, food, clothing—anything in fact, that will cover nakedness and flight off hunger.

The stories the two messengers tell of the destitution are affecting in the extreme.

SHORT LINE CONTENTION COMING THE SHORT LINE'S WAY.

er a Question Whether there Shall Hands Back the Short Line's Old Com plaint at It, and Wants to be Represented-Short Line Asks for a Chance to

Salt Lake, Utah, June 8 .- The Oregon Short Line and Utah Northern receivership case has been argued down to a point where about the only difference between the contending parties seems now to be whether there shall be one or two receivers appointed. The Union Pacific still insists on an associate receiver, while the loan company maintains that such appointment would defeat the whole purpose of the separate receivership because of the brief time which would be given to raise the money to be paid, until July 1. Mr. Strong, in continuing his argument this morning, insisted that the American Loan and Trust company's only purpose in the litigation was to

who would guard its interests in relation to other roads and not be on both sides of the same question.

The company had only until July 1 in which to raise over \$1,400,000 to meet defaulting interest on the first mort-gages. The purpose of the other side was to secure modifications of the order so the loan company would have to go back to Judges Gilbert and Sanborn and cause delay so there would be no time before July 1 to raise the money. He referred to the condition of the Oregan Railway and Navigation company, which had shown in six months a loss of \$750,000, and under a new receiver had within five months paid the interest and cleared the indebtedness. His success was because he was in close contact with the patrons of the line.

As to the appointment of Mr. Egan, he was a man against whom the Union Pacific could find no fault and yet they ask for an associate receiver. To appoint an associate receiver, would be a separation in name and not in fact, and would be extremely unfair. If the court should find Mr. Egan unsuitable it could remove him or associate another with him. Mr. Storey concluded: "We ask you to take him on trial and we will abide by the result."

At this point the hearing closed. A decision in the case is expected on who would guard its interests in re-
